

AWHONN Intermediate Fetal Monitoring Course

This course addresses principles of fetal heart monitoring and may be used as a knowledge assessment tool to validate the comprehension of experienced perinatal clinicians. This course includes lectures and hands-on skill stations, including performing Leopold maneuvers, placement of an intrauterine pressure catheter and fetal spiral electrode, interpretation of fetal monitoring tracings using a case-based approach, identification of physiologically based clinical interventions, and communication and risk management principles. This course can be used to support preparation for certification examinations. There is a recommended renewal date every two years for the Intermediate Fetal Monitoring Course.

Learning Outcomes:

- Interpret fetal heart rate monitoring using NICHD terminology within a safety culture framework of interdisciplinary teamwork
- Describe clinical interventions and related maternal-fetal physiology to optimize fetal oxygenation
- Demonstrate collaborative communication in the perinatal setting
- Demonstrate common perinatal procedures related to fetal monitoring

Nursing Contact Hours/CME Credit:

11.5 total nursing contact hours/11.5 CME credit available through January 31, 2028 (0.5 hours may be used towards pharmacology hours).

Course Format:

Successful completion of online prerequisite education is required prior to attending the one-day in-person portion of the course.

- prerequisite online learning approximately three and half hours.
- in-person is eight hours (**cannot be taught virtually**).

Nursing contact hours/CME credit will be awarded after the successful completion of the online knowledge validation test and evaluation after the in-person course and is required to receive nursing contact hours/CME credit for the course.

Cost:

- **AWHONN Registration Fee - \$145.00** – Intermediate Participant Materials with Participant ID to access online education is included with the purchase of materials through Kendall Hunt. Course ID number is required with purchase.
- Current AWHONN *Fetal Heart Monitoring Principles & Practice Textbook*, if you don't have access to the textbook (\$76.96 print or \$64.95 ebook).

Course Date: 10/1/2026

Course Time: 0830-1700

Course Location:

Private residence (will be shared upon completion of registration)

Contact: education@redwoodconsultingllc.com

Check availability to attend the courses. (Instructions on purchasing the AWHONN Registration Fee that includes the participant materials will be provided after confirmation of attendance is approved.)

Instructor Fee: \$ 235.00

Registration/Payment Deadline: 9/1/20

Additional Information:

Course may be cancelled if there are less than 3 enrolled participants.
